

HAWC Transitions- Phase 2 of Huntington Addiction Wellness Center's continuum of care program.

It is our vision for persons living with Substance Use Disorder to live a serene, joy-filled, healthy life. Our mission is to empower holistic wellness for persons with SUD through transitional housing, supportive care, advocacy, and recovery-focused skill development in the following areas:

- Daily living and self-care
- Vocational training/skill development and referral.
- Socialization- building a strong network of recovery-oriented individuals
- Recreation
- Community living
- Living independently
- Continuous recovery

HAWC Transitions Phase 2

THE CREANCES

TRANSITIONAL LIVING IN THE CREANCE

Our transitional living phase functions as a place to provide clients the skills necessary to transition back into the community as productive citizens. The program is one of personal responsibility; you get out of it what you put into it. The rules, regulations, and expectations are designed to accomplish several things. By recognizing and using these rules as positive guidelines, each of our clients can strengthen their recovery by learning to live orderly and responsible lives.

CREANCE

['krēəns]

a long fine cord attached to a hawk's leash to prevent escape during training.
